**PASSION:**

Agriculture/farming, interacting with different groups of society and adventurist (travelling).

Had attempted to set up Dairy Farm and could not succeed, due to lack of time devotion.

From last 5 years, trying to get Vegetable, Milk, egg, meat, food grains, pulses from our own land/farm, this has shown tremendous impact in health of our family members.

I believe in – health is wealth and FOOD is main cause for HEALTH.
